

1.) Leather Dye Kits

Pre-fab kit designed for dyeing your leather only (no repairs).

This kit comes with these options:

- 1 Seat Dye Kit (same color) includes: Amigo Leather Primer - 4 oz, Premix Dye of your color choice - 4 oz, Shields Up Topcoat - 4 oz, Silicone Wash (to prep leather) - 4 oz.
- 2 Seat Dye Kit (same color) includes: Amigo Leather Primer - 4 oz, Premix Dye of your color choice - 8 oz, Shields Up Topcoat - 4 oz, Silicone Wash (to prep leather) - 8 oz.
- 4 Seat Dye Kit (same color) includes: Amigo Leather Primer - 8 oz, Premix Dye of your color choice - 16 oz, Shields Up Topcoat - 8 oz, Silicone Wash (to prep leather) - Quart.
- Whole Interior Dye Kit (Mid-Size Car) (same color) - Amigo Leather Primer - 16 oz, Premix Dye of your color choice - Quart, Shields Up Topcoat - 16 oz, Silicone Wash (to prep leather)- Quart, Phase One Plastic Primer - 8 oz.
- Whole Interior Dye Kit (SUV) (same color) - Amigo Leather Primer - 16 oz, Premix Dye of your color choice - 2 Quarts, Shields Up Topcoat - Quart, Silicone Wash (to prep leather)- Quart, Phase One Plastic Primer - 16 oz.

2.) Leather Dye and Repair Kits

Pre-fab kits designed to dye your leather and repair minor cracks and worn areas of your leather. Repair products are not meant to repair holes or cracks that have penetrated through-and-through the leather. Repairs of the latter may require more extensive repairs products and processes.

These kits are identical to the kits listed above with the addition of the repair product called Leather Bee and the Palette Knife for product application. Leather Bee comes in the same color as the Premix Dye you have selected to purchase for your kit.

3.) Color Change Dye Kits

Pre-fab kits designed to provide the dye you need to perform a color change process in the interior of your car. Dye is assumed to be used on Leather, Plastic, and Vinyl. However, most fabric would be excluded from the Color Change Dye process because of the nature of the waterbase dye. Though the waterbase dye can be used on fabrics like cloth and carpet - it may not provide what you need to get a full and satisfying color change. Color Change Kits include:

- 1 Seat Dye Kit (one color) includes: Amigo Leather Primer - 4 oz, Premix Dye of your color choice - 8 oz, Shields Up Topcoat - 4 oz, Silicone Wash (to prep leather) - 4 oz, Forgiven Crosslinker - 4 oz.
- 2 Seat Dye Kit (one color) includes: Amigo Leather Primer - 4 oz, Premix Dye of your color choice - 16 oz, Shields Up Topcoat - 4 oz, Silicone Wash (to prep leather) - 8 oz, Forgiven Crosslinker - 4 oz.
- 4 Seat Dye Kit (one color) includes: Amigo Leather Primer - 8 oz, Premix Dye of your color choice - Quart, Shields Up Topcoat - 8 oz, Silicone Wash (to prep leather) - Quart, Forgiven Crosslinker - 4 oz.
- Whole Interior Dye Kit (Mid-Size Car) (one color) - Amigo Leather Primer - 16 oz, Premix Dye of your color choice - 2 Quarts, Shields Up Topcoat - 16 oz, Silicone Wash (to prep leather)- Quart, Phase One Plastic Primer - 8 oz, Forgiven Crosslinker - 4 oz.

- Whole Interior Dye Kit (SUV) (one color) - Amigo Leather Primer - 16 oz, Premix Dye of your color choice - Gallon, Shields Up Topcoat - Quart, Silicone Wash (to prep leather)- Quart, Phase One Plastic Primer - 16 oz, Forgiven Crosslinker - 4 oz.

**These kits do not contain 2 option colors, however, you may add additional premix dye in your choice of size to your order in the color you desire for your secondary color.
